**Annual Report
2004-2005**

Letter from the President and Director

Dear Friends,

This year has been an extraordinary one for us all as we have watched our community's dream become reality. Excavation for our two-story addition began just at the start of July 2004 and we were on the verge of a move into those new quarters as the year ended in June 2005. Watching the new Wilton Library grow from the needs expressed in surveys and focus groups to architect Tai Soo Kim's penciled sketch on a napkin to the professionally executed design and construction documents and model to the spaces we were to occupy was thrilling.

But even as we watch the walls, windows, floors and doors materialize, we realize anew that our excitement is less for the spectacular building than it is for the exceptional services, collections and programs that building will allow us to deliver. Community input and support over the past four years has enabled us to expand. Community input and participation in the future will help us make the most of that expansion's promise. We will all reap the benefits of this new center for discovery at the heart of our community for many years to come.

Kathy Leeds, Director
Wilton Library

Katharine Welling, President

A rapt audience listens to stories. Young Readers are children through age 13 who love to read. They are often children of Friends of the Wilton Library — people who support lifelong learning and realize that starting young is starting right.

Volunteers

It takes a prodigious number of kind souls to help run a library, and the Wilton Library is fortunate to have a well-spring of kind and generous individuals and families who are willing to take on a myriad of tasks, from cutting up scrap paper to running a major fundraising event. The following

listing does not even include our Junior Volunteers, because if it did we'd simply run out of space.

Every single one of our volunteers deserves a tip of the hat and a big hug, for they are the heart and soul of our wonderful Wilton Library!
